		<ul style="list-style-type: none"> • Satellite hub system • Uplink satellite system • Cable transit 						
		National	100,000	10,000	100,000	100,000	3.5% of GAR	

1. Current fees paid for one aggregated unified license, hence separated fee should be treated as one.

2. Application fees are non-refundable.

3. GAR means the total invoiced revenue of the licensee derived from the provision of the services but shall not include revenue from the sale or rentals of terminal equipment and revenue from in-coming international voice traffic. In the absence of account separation, levy shall be charged on overall GAR without separating the services.
